Chance for our club to earn cash from CUA

We're excited to confirm that the Muddies Cricket Club will be participating in the new CUA Cash for Communities pilot initiative, through member-owned banking and health insurance provider CUA.

CUA is partnering with Queensland Cricket and the Brisbane Heat in a three-year deal.

As part of their support for grassroots cricket, over the next six months CUA is offering an opportunity to earn revenue for our club for every new home loan, credit card or health insurance policy that members, family and friends of our club take out through our local CUA Capalaba branch. This is a terrific opportunity for our club to raise some additional revenue we could put towards facility upgrades like training nets, new equipment and ground upgrades.

In addition to our club receiving some much-needed additional funding, CUA is offering you great savings and special offers when you take out a new home loan, credit card or CUA Health policy.

If you're shopping around for any of these products, visit www.cua.com.au/cricketclubs or pop into the CUA branch at Capalaba Central Shopping Centre, Shop 80b, Moreton Bay Road, Capalaba QLD 4157, and let's work together to help give our club a financial boost! Don't forget to tell them you are supporting Muddies Cricket Club.
